

Applications

- Available in the Narbonne Education Complex SLC Office, Administrative Building.

Parental Responsibility

- As with all jobs, employee health, dress, hygiene, mental alertness, and attitude is of concern. Parental responsibility and a vigilant adult staff are here to help families promote a whole child approach when viewing education.
- We hope as the semesters and years progress that positive and realistic expectations will result. In preparing for a career, students and parents need to consider aptitude, interest, and long-term commitment to skill development.

Instructors

Joe Aintablian James Horsman

Carlos Arreola Kevin Matherly

Pat Bender Juanito Nepomuceno

Dianne Bentley Mike Warren

Ron Filbin Carol Williams

Alex Gardner Arnie Vosburgh

Bob Hoppes

Scholarship

The School of Technical Education provides a complete academic program. The ability to read, to write, to speak, and to compute will be emphasized. Our goal is to provide technical skills for students and promote mastery in English and Math. The School of Technical Education gives priority to the basics as these essential skills are in demand by today's employers.

Administration

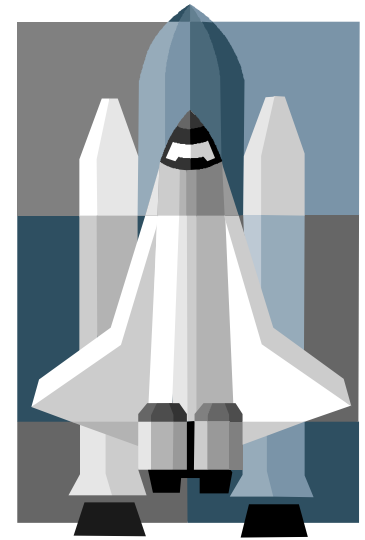

Mrs. Aiello, Administrator

Mr. Filbin, Director/Lead Teacher

Mr. Cody, Counselor

School of Technical Education

Mission

- Our mission is to provide a beginning foundation and to expand skill development in technical occupations. Major areas of concentration include computer science, drafting, horticulture and woodworking. The school will include instruction in the fields of mathematics, science, language arts, social studies, physical education or military science and health.
- Technical Education is that part of the total high school experience which brings together theory and practice. Problem solving, good judgment, responsible citizenship, and attendance will be emphasized.

Admission

- The school is open to all students regardless of gender, academic ability, or ethnicity. Our diverse faculty members are fully credentialed.

Horticulture

- Vocational Horticulture
- Floriculture
- Landscape Design
- Environmental Design
- Natural Resources

QuickTime™ and a TIFF (Uncompressed) decompressor are needed to see this picture.
