LEAD Tutoring is Back!

If you want help in your classes, LEAD after-school tutoring can help. Every Monday, Wednesday and Thursday meet in the following classes to receive extra support! (3:15-4:30)

	Monday	Tuesday	Wednesday	Thursday	Friday
English	Mrs. James R1		Mr. Dillon H10 (3:15-4:00)	Ms. Woods R2	
Math	Ms. Anaya 08 (3:15-4:00)		Mr. Carter 08	Mrs. Turner 04	
Chemistry			Mr. Quinlan N5		
Biology			Ms. Higuchi F10		

What's Happening in Class...

All of the LEAD classes are busy working on a variety of curriculum and projects already this year. Some highlights include:

Mrs. Turner's Algebra classes are doing great solving equations and learning how fun word problems can be.

Mr. Dillon's Senior English Classes are working on alternate endings to Death of a Salesman and his 9th grade classes are finishing The House on Mango Street.

Ms. Woods' 9th grade English classes are working on writing Advocacy Letters as part of the Persuasion Unit and her 10th grade classes are finishing Night and starting their own persuasion unit.

Mr. Fink's Government classes are just finishing up learning about the various types of governmental organization and how they are similar and different

A Look At AVID

LEAD is proud to offer AVID as part of our SLC. It is a college prep elective that our students can take that helps them get ready for a four-year college when they graduate. Right now, our 9th AVID courses are learning the basics to the program

and beginning tutorials. The 10th AVID 2 elective is writing autobiographical incident essays. Our Juniors and Seniors in the AVID program are writing college application essays and just finished organizing donations for a school in New Orleans.

**If you want more information on AVID or want to enroll in an upcoming semester, See Ms. Mallari in the Counseling Office

LEAD's New Focus: LEADers in Communication Academy

We are happy to announce the new and improved LEAD focus. The goal of the LEADers in Communication Academy is to enhance our students' communication skills in all walks of life including written communication, public speaking, performance, and small group interaction. Students will learn to appreciate the art of communication in its many forms and will critically analyze and evaluate the many linguistic and symbolic messages they encounter everyday.

We look forward to implementing new programs to support this focus as well as strengthening our SLC's current activities and clubs such as Speech and Debate and the LEAD Student Advisory Council.
